

Divide \$42 among 3 friends.
4 tens 2 ones

1. Hand out 1 tens to each person.
2. We have 1 tens leftover.
3. Turn our 1 leftover tens into 10 ones.
4. We now have 12 ones.
5. Hand out 4 ones to each person.

$$(14) + (14) + (14) = 42$$
