

14. Units of measurement, and D's!

D stands for dimension!

Dimension means measurement

1D = 1 dimension (1 measurement)

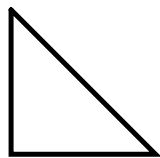

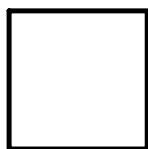

2D = 2 dimensions (2 measurements)

3D = 3 dimensions (3 measurements)

1D = a line (we measure length)

miles, yards, feet, centimeters, meters,
kilometers, inches, etc.

2D = FLAT shapes (we measure AREA)

SQUARE cm, SQUARE m, SQUARE units
